

What is **pontoon**?

Pontoon is an educational advocacy and consultancy service working alongside families, schools, and allied health professionals. By providing specialised advice and guidance, we support parents and caregivers to better understand, and advocate for, the specific needs of their child.

At Pontoon, we support and streamline the implementation of professional recommendations, individualised learning plans and inclusive classroom practices.

Our services are designed to maximise learning outcomes and foster a greater sense of belonging at school.

Pontoon's tailored tutoring packages are informed by the latest research in cognitive science, incorporating evidence-based strategies to enhance academic performance and boost learner confidence.

Do you have a child in primary, secondary school or college?

Are you looking for personalised and targeted support?

Does your child have a specific learning difference such as ADHD, dyslexia, dyscalculia, anxiety or autism?

Have you been asked to sign a learning plan or attend a meeting at your child's school?

Is your family experiencing patterns of school refusal (school can't) or prolonged absence?

Do you find clinical or educational reports and assessments overwhelming and difficult to understand?

Are you looking for specialised 1:1 tuition in reading, writing, spelling or mathematics?

If this is your story, Pontoon is here to help!

Who we are

With a combined 40+ years' experience teaching and leading across public, private and not-for-profit sectors, the team at Pontoon brings a depth of knowledge and expertise to the field of inclusive education.

Having worked in areas of school leadership, instructional coaching, classroom teaching and learning support, Pontoon recognises the need for evidence-based instruction with personalised support and accommodations.

The team at Pontoon promotes a multi-disciplinary approach and understands the importance of informed advocacy; grounding all partnerships in the specific needs of children and young people.

What we offer

Pontoon's services can help your family to:

Understand and advocate for the specific needs of your child.

Enhance learner confidence and develop greater self-advocacy skills.

Identify areas of need via screening for language, literacy and numeracy skills.

Work in productive partnership with your child's school, learning support staff or therapy team.

Create clear, purposeful, and equitable pathways for success.

Orton-Gillingham Tuition

Our tutors are trained in the internationally recognised Orton-Gillingham approach to teaching and learning. Each student receives tailored and personalised instruction intended to address individual learning needs.

Our tuition packages are framed around principles of explicit and multisensory instruction; engaging multiple senses for improved memory and learning.

We work to maximise student outcomes by bridging foundational language, literacy, and numeracy gaps.

At Pontoon, we care about the voices of children and young people; providing a safe and welcoming space to hear their stories.
